

A Catholic education was an essential pillar in the formation of my faith foundation. This lifelong light of truth has served me well throughout my life. I find it to be rewarding to contribute in any small way to continue that education for young Catholics for a long time. The V foundation comes at a time where it is needed and is uniquely positioned to do just that. If Vanderbilt Catholic High School played a role in your faith foundation, then you owe it to yourself to become a part of it.
